MANOJ J

Passionate Tech Enthusiast | Top-Ranked GSoC Project Proposer | Java Developer

Mobile: +91 8668136537 | **Email:** manojsecit@gmail.com   💻 **GitHub** | 🌐 **Portfolio** | 💼 **LinkedIn**

SKILLS SUMMARY

- **Backend Development**   :   **Java • Spring • Spring Boot**
- **Frontend Development**   :   **HTML • CSS • JavaScript • Bootstrap**
- **Programming Languages**   :   **Java • C**
- **Database**   :   **SQL**
- **Version Control**   :   **Git • GitHub**

EDUCATION

Sri Sairam Engineering College   Chennai, India
Bachelor of Technology – Information Technology;   **Sep 2023 - Present**
CGPA: 8.64

PROJECTS

1. **Amazon Clone | HTML, CSS, Javascript** | **View My Project**
   - Built an Amazon homepage clone using HTML, CSS, and JavaScript.
   - Includes responsive layout, navigation bar, and product sections.
2. **Plan Your Meal – (Startup Project) | HTML, CSS, JavaScript | View My Project**
   - Designed and developed a website to help users plan meals based on their time.
   - Moto of this project is to reserve seat , order food and save time.
   - Integrated responsive design for accessibility across devices.
3. **Rover Webpage – (College Project) | HTML, CSS, JavaScript, Three.js (for model viewing) | View My Project**
   - Built a responsive web page to display real-time rover camera feed.
   - Integrated live telemetry via IP address and visualized the 3D rover model using Three.js.
   - Showcased at the campus incubation demo.

EXPERIENCE

Full Stack Web Development Intern
  MindfulAi – Offline | June 2025 – July 2025
- Built responsive web applications using HTML, CSS, JavaScript, Spring Boot, and SQL.
- Developed RESTful APIs and optimized database operations for efficient client–server interaction.

Technical Lead (Volunteer)
  Genesis 2.0 – IEEE HKN Eta Kappa Nu
- Led development of a highly proctored online compiler using Vibe Coding with Judge0 API integration.
- Directed the technical team, ensuring secure execution and smooth event operations.

OPEN-SOURCE CONTRIBUTION

1. **Contributed to Dart Programming Language Documentation – Dart-lang/site-www**
   - Issue #6366 – Updated using-streams.md to include relevant YouTube tutorial for better clarity. *(Status: Merged)*
   - Issue #6424 – Renamed a confusing variable to enhance code readability and understanding. *(Status: Merged)*
   - Issue #6451 – Documented the use of label with break and continue statements in Dart.   *(Status: Merged)*

CERTIFICATES

1. **Programming in Java (NPTEL)**
   - Learned object-oriented programming, exception handling, multi-threading, and core Java APIs. Final score: 68.
2. **Computer Networks and Internet Protocol (NPTEL)**
   - Covered network architecture, TCP/IP protocols, routing algorithms, and data communication models. Score : 58.
3. **Data Analytics Professional Certificate(Google)**
   - Gained hands-on experience in data cleaning, visualization, SQL, spreadsheets, and R for real-world data analysis tasks.

ACHIEVEMENTS

1. **Winner – Solveathon (SDG 12: Responsible Consumption and Production)**
   - Recognized for innovative project idea promoting sustainable resource sharing in agriculture.
   Formed and led a college team to present a startup concept addressing responsible consumption. This project was also
   featured in the Projects section of the resume.
2. **Top-Ranked Idea – Google Summer of Code 2025 (Dart Organization)**
   - Proposed a project idea ranked **#1** by the Dart open-source organization during GSoC 2025 review, recognized for its
   technical strength and relevance, though not allocated a contributor slot.
